

AI Workflow Audit

Client Intake Form

Welcome. We are glad you are here. Before we begin your AI Workflow Audit, we need to understand how your team works today. Take your time with each question. The more specific you are, the more useful your audit will be. There are no wrong answers.

Fields marked with an asterisk () are required. Feel free to attach supporting materials at the end.*

A | About Your Business

A1. What is the name of the business or brand we are auditing? *

If you have multiple brands, name the one that is the priority for this engagement.

A2. What is your role within this organization? *

Your title and a brief description of what you own or manage day to day.

A3. What industry or niche does this business operate in? *

A4. What stage is your business at? *

■ Early stage (0 to 2 years) ■ Growth stage (2 to 5 years) ■ Established (5+ years) ■ Enterprise

A5. How many people regularly touch your marketing or creative workflows? *

■ Just me ■ 2 to 5 people ■ 6 to 15 people ■ 16 or more people

B | Your Current Workflow

B1. Walk us through how a typical project moves from idea to completion. *

Be as detailed as possible. Who does what? What tools are involved? How long does it take?

B2. Where do things slow down, break, or create frustration? *

Describe the friction points, bottlenecks, or moments where things fall through the cracks.

B3. List every tool in your current stack. *

Include project management, design, communication, scheduling, CRM, content, analytics, and anything else your team uses regularly.

B4. Is your team currently using any AI tools? If so, how? *

Which tools, who is using them, and what are they being used for? If not, that is okay to share too.

B5. What are the top 3 to 5 most time-consuming tasks in your workflow each week? *

Rank them if you can.

C | Your Goals

C1. What would a successful audit outcome look like to you? *

Describe what you hope to walk away with from this engagement. Be specific.

C2. If we could only solve one problem, what would it be? *

C3. Are there any constraints we should know about? *

Budget limits, tools you cannot change, team dynamics, timeline pressures, or anything else that shapes what is possible.

D | Communication and Benchmarks

D1. How do you prefer to receive feedback and deliverables?
■ Written report (PDF or Word doc) ■ Live walkthrough or presentation call
■ Recorded video with narration ■ Slack or async messaging updates ■ A mix (describe below):

D2. What is your ideal timeline for this engagement?
Include any hard deadlines, launch dates, or milestone dates we should plan around.

D3. Who else should be looped in during this process?
Names, roles, and preferred contact methods for any additional stakeholders.

E | Supporting Materials

Please attach or link any of the following that apply. The more context you share, the sharper your audit will be.

What to share	Why it helps
Existing SOPs or process docs	Shows us how your workflow is currently documented
Screenshots of your tool dashboards	Helps us see how you actually use your stack
Past project briefs or campaign recaps	Gives us real examples of your workflow in action
Org chart or team structure	Clarifies who owns what and where handoffs happen
Previous audits or consultant feedback	Avoids duplicating work that has already been done

E1. Paste any relevant links or note which files you will send separately.
Google Drive links, Notion pages, Loom videos, or any other shared resources.

Thank you for taking the time to complete this form. We will be in touch within 2 business days to confirm next steps.
